SS Spring Retract Robot Dress Solution

DETAIL

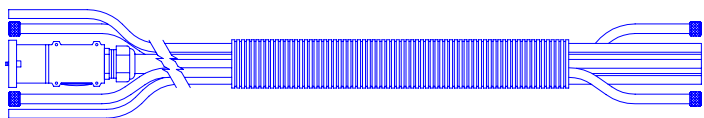

Axis 3 Spring Retract Assembly

Purpose: to store approx 22 inches of utilities out of harms way until required by robot articulation. It also controls excess in a fashion that does not increase wear or possibility of failure

Axis 6 Assembly

Purpose: provides a mounting point for the router assembly and allows for adjustment to meet robot articulation requirements

Router Assembly

Purpose: to protect utilities from harm and to create a uniform bundle that can have predictable and repeatable motion
